Work description and purpose

Crews are repairing sections of Kipling Station which are in poor condition including, sections of the roof, glazing and metal frames which support the glazing. The work is being completed as part of TTC's capital improvements across the network. For safety reasons, some of the work must be completed at night while buses are not operating in the loop.

Area residents may hear construction noise including, reverse safety beeps from trucks, delivery and removal of disposal bins, as well as delivery of construction material.

Work hours

The majority of the work on this project is taking place weekdays between 7 a.m. and 7:00 p.m. as well as some weekends. The contractor has secured a noise exemption permit to allow activities outside of these hours.

Thank you for your patience as we continue to improve transit in Toronto
