

IMPORTANT NOTICE

INVESTING IN YOUR NEIGHBOURHOOD

PROJECT: Fieldway	PROJECT INFORMATION #: W15772	
WARD: Etobicoke Lakeshore (Ward 5)	ACTIVITY: Overhead & Underground Civil & Electrical	EXPECTED TIMELINE: April 2018 - April 2019

February 28, 2018

Dear Valued Customer,

**Re: IMPORTANT NOTICE: Overhead & Underground Construction
Project Fieldway (W15772)**

We're planning to rebuild the aging underground electrical system in your community to help improve service reliability. The rebuild includes the replacement of the existing electrical cables and replacing hydro poles within the City of Toronto's public property allowance in front of or adjacent to your lot.

The civil and electrical portions of this project are expected to begin by **early April 2018** with an approximate completion date of **late April 2019**. The boundaries include **Bloor Street West** (North), **Kipling Avenue** (East), **Munster Avenue** (South) and **Acorn Ave** (West). Throughout this project, planned outages may be necessary to switch from the old to the new electrical system and we intend to provide you with advance notice.

Our crews and contractors will take extra care and precautions around your property. Please note that we may require access to your property to install an underground duct from the property line to the meter base location at your home. Our contractor may be trimming a number of overgrown trees on the public road allowance in order to accommodate new hydro infrastructure. The portion of the driveway, sidewalk and other areas affected by our work will be restored upon completion of the project as season, weather and schedules permit.

We appreciate your cooperation and ask that you exercise caution around construction areas. We look forward to working with you.

For further information on **Project Fieldway**, please reference the contact information below.

Sincerely,

Jennifer Reynolds
